

BETTER BATHROOMS & KITCHENS

INTEGRATING STYLE AND TEXTURE

EFFICIENT AND EFFECTIVE DESIGN

Spacious, comfortable and utterly stylish, this striking kitchen design by Better Bathrooms & Kitchens sets the benchmark for contemporary living.

The owners of this period property required a highly-practical kitchen space with a design that would co-exist seamlessly with the home's existing period features, including a fireplace and chimney as well as a shared brick wall connected to the neighbouring house.

The integration of indoor and outdoor living was another priority of the clients, who sought a light, bright modern aesthetic. To fulfil the brief, Better Bathrooms & Kitchens used a fixed window as part of the splashback behind the sink to showcase the outdoor area and capture natural sunlight.

The benchtop and splashback feature Ramano white granite, ensuring the space possesses a timeless quality. Delivering a striking textural aesthetic, the multifaceted tones beautifully offset the bright white cupboards, which have been finished in two-pack gloss 'Royal Oyster' paint. Contemporary large-format floor tiles were also selected for their neutral tones, while the large island bench and overhang is ideal for casual dining.
