

BETTER BATHROOMS & KITCHENS

STORAGE APLENTY

A GREAT USE OF SPACE

Designed by Garrett Hebden of Better Bathrooms & Kitchens and also constructed by the company, the featured bathroom exemplifies the superior workmanship the team is renowned for. Featuring high ceilings, a separate shower and bath, and an abundance of storage, the spacious interior is perfect for the whole family.

To incorporate laundry facilities, Better Bathrooms & Kitchens installed a tall cabinet above the washer and extra cabinetry around the room, which houses two washing baskets and cleaning products. An internally divided clothes hamper has been placed next to the washing machine to make doing the laundry as easy as possible.

Better Bathrooms & Kitchens took advantage of some of the industry's best materials and finishes to ensure maximal quality for the clients. 'Aurora Snow' Caesarstone was used on the vanity top and wall shelf in 20mm, while toughened glass for the shower combined with an acrylic bath come together to make a stylish and functional space.

Located in the well-established suburb of Ascot Vale, the company services Melbourne and surrounds, with the resources to travel as far as Greater Melbourne and country Victoria. Better Bathrooms & Kitchens specialises in kitchen, bathroom and laundry projects. The company is highly sought-after, particularly for the renovation of older homes in need of a modern update.

Better Bathrooms & Kitchens was established in 1999 by Garrett Hebden. Hebden employs a team of designers and tradesmen including carpenters, plumbers, electricians, plasterers and floor and tiling experts, allowing the company to offer a complete build and renovation service.

A registered builder by trade, Hebden – and the team – can also complete a range of other projects, including bedrooms, walk-in and built-in wardrobes, rumpus rooms and living rooms. The Better Bathrooms & Kitchens team can take care of every room of the house and more.
